

# FEBRUARY 2019 MONTHLY CHALLENGE

## #LOVEISCHALLENGE2019

Since I don't typically use my Monthly overview in any of my planners, I thought I would challenge myself to this challenge. I will definitely do this in my Erin Condren Academic Planner that I'm using as my Wellness planner but I might also do this in my Big Happy Planner or even my Mini Happy Planner. Because February is the month of love, all of the words finish the phrase "Love is...."

Here's how to join this challenge:

- Repost with this graphic on social media along with the #LoveIsChallenge2019 hashtag to spread the word
- Write out the prompts or download and print the printable (link to the printable found on my blog in the bio) to keep track in your planner

- There is a new prompt each day of the month. Each prompt is completely open to interpretation (you can practice your lettering, doodle, use it as a journal prompt, etc).
- Post a photo to Instagram responding to each day's prompt. You don't need to tag me with each post but you certainly could!
- Join me when you can! Don't worry if you miss a day or join in late... this is supposed to be fun and a fun and interesting way to use your monthly overview.
